Hi Joan,

Attached is the edited proposed plan fact sheet for Allied Landfill for your review. Included is a MS Word version that you can provide edits, but it can get a little messy so I also included a PDF for your reference. Please note that the site web address is highlighted because there may be an issue publishing a web URL during the time of our public comment due to the transition of the web pages to the new format. I'm working with the web team to ideally delay the transition of the Allied web page or some other reasonable solution.

Finally, included in the fact sheet is a table of alternatives. That cannot be edited directly in the Word or PDF, so I included an excel file if you wanted to make any edits to the table.

Feel free to contact me if you had any thoughts/comments/questions on the fact sheet. I'm hoping to get your comments by mid-next week if that works with your schedule.

Thank you,

*Diane Russell*
